
MACTE 2006-07 Goals

Use our expertise in a leadership role in collaboration with others to focus and impact Minnesota's education agenda. (Advocacy)

- ◆ Advocate issues that advance our core values.
- ◆ Build alliances that advance our core values.
- ◆ Develop a better understanding of the teacher and teacher educator in society to be intentional, proactive, and political.
 - Provide information, data and research.

Understand and address the challenges of access to better serve all learners. (Access)

- ◆ Help all teachers and candidates understand the need for navigational skills balanced with social-cultural understanding.
- ◆ Build capacity for access to teacher education.

Recognize and promote high and consistent standards of accountability for programs to serve the needs of all learners. (Accountability)

- ◆ Increase understanding on how programs are accountable in order to impact student learning.
- ◆ Develop a better understanding of BOT requirements.
- ◆ Communicate with internal and external audiences regarding education issues.
- ◆ Continue our commitment to research based decision making practices.
